

2-2. Capacitors series group chart

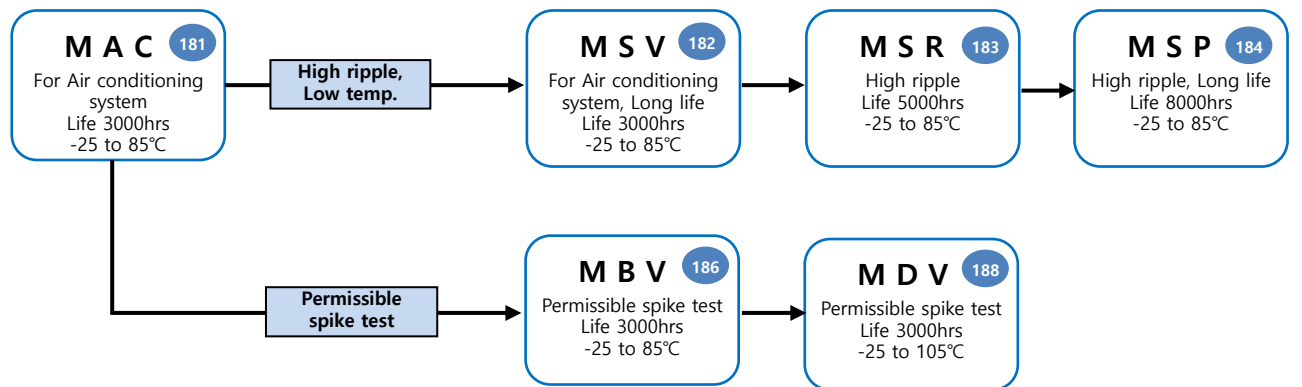

● Miniature aluminum electrolytic capacitors

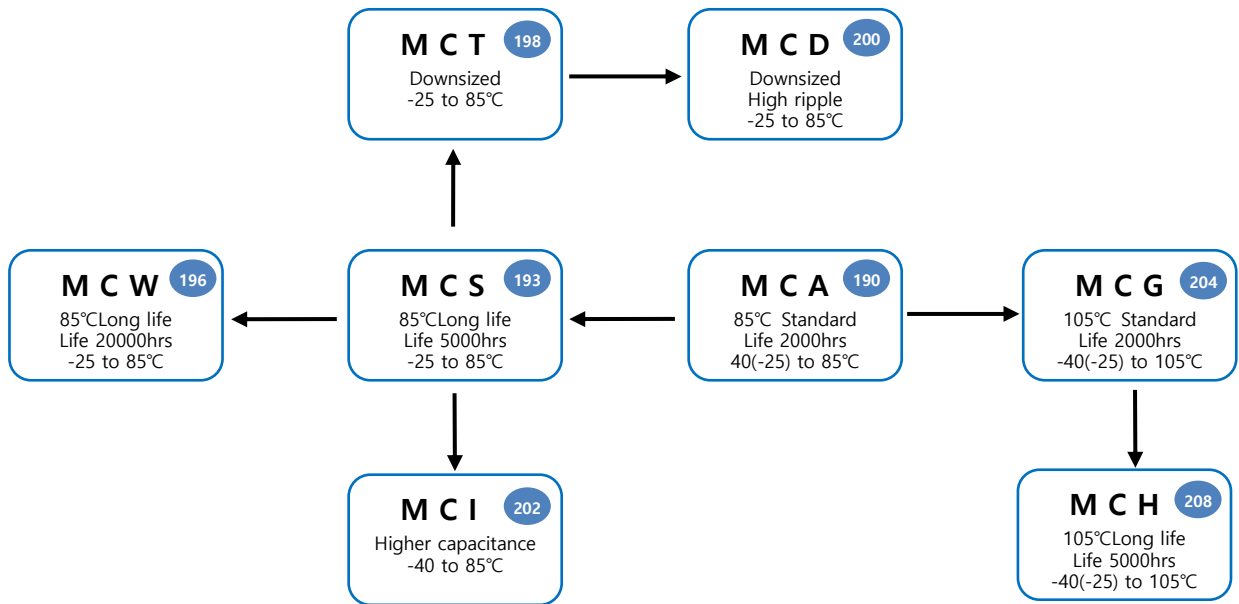

● PCB Terminal Type Aluminum Electrolytic Capacitors

For Inverter Use

● Screw Terminal Type Aluminum Electrolytic Capacitors

Special Use

PHB 211
For photoflash
-20 to 55°C

WCM 213
For Welding machine
-25 to 70°C

MCR 214
For High speed
Charge/discharge
-25 to 85°C
